As we reach the end of 2022, we are delighted to bring you this jam-packed issue of Club Wyndham magazine. In this edition, we welcome in the New Year with a main feature that celebrates the colours of summer across some of your club's most dazzling destinations, from the South West of Western Australia to Wanaka, New Zealand, and Normandy in France.

No matter what the hemisphere, summer marks the chance to live many bucket list moments, such as experiencing the living masterpiece of Monet's garden in Giverny, France (page 18).

Summer in North America is also a magical time to visit the wilds of Canada and Alaska. On page 28, your Travel Club Consultant, Cindy Holsken, shares her story about exploring this incredible part of the world. You can relive Cindy's remarkable adventure and book a similar trip with Travel Club. See details on page 30.

In this issue, we are thrilled to present two stories featuring fellow owners. In the first, on page 22, we meet Lynette Schaper who provides a snapshot of her life as a 100 Club member. Lyn shares some of her favourite memories enjoyed with her husband Merv, and the impressive list of destinations they have travelled to with the club over 11 years of ownership.

On page 38, club owner and travel writer, Graham Stephenson takes us to Club Wyndham Airlie Beach where he and his partner enjoyed an unforgettable trip exploring the spectacular Whitsunday Coast and Islands.

2022 has been a year of enhancing your club experiences with a host of free activities (page 35), transformative refurbishments (page 36), and a swag of exclusive deals on everyday purchases via Lifestyle by Wyndham. Check out some of the great new offers available to you on page 33.

We look forward to bringing even more to your club in 2023. Wherever you are spending the festive season, I wish you and your loved ones a wonderful Christmas, and a joyous and healthy New Year.

## Five ways to spend summer in Perth, Western Australia

- 1 Take the ferry to Rottnest Island
- 2 Visit Gage Road Brewery at Fremantle for lunch
- 3 Treat yourself to gelato at Chicho Gelato in Northbridge
- 4 Spend the day at Cottesloe Beach
- 5 Watch a film on the grass in Kings Park with Moonlight Cinema Perth

## COLOURS OF PERTH:

Cobalt blue coastline, ochres of the earth, white sand, greens and greys of Karri forests and coastal heath, orange and pink sunsets over the Indian Ocean.

→ STAY: Club Wyndham Perth

## Highlight!

**Des, the Rottnest Island tour guide, could not have put it better. When he saw a young girl marvelling at the incredible blues of the island's water, he asked her, "What colours do you see?"**

**"I see the colour of happiness, Des," she said.**

**Happiness** is exactly what you will feel when you step off the ferry on to Rottnest Island. Known affectionately by locals as Rotto, the island is just 19 kilometres off the Perth coast and is home to some of the most spectacular beaches and bays in the world. In the Noongar language, the name of the Island is Wadjemup, which means 'place across the water where the spirits are,' and when you experience its otherworldly beauty, you will understand why.

A visit to the island is an unmissable day trip when visiting Perth. Here, you can meet the happiest animal on earth, the quokka, who really don't seem to mind posing for a selfie or two. Spend the day snorkelling, swimming, dining, relaxing and exploring this spectacular island.

Summer in Perth is hot and dry with very little rainfall. Average temperatures range from 17 to 30 degrees Celsius. In the afternoons, a sea breeze called the 'Fremantle Doctor' provides welcome relief from the heat.

**Hot tips:** Many people hire bikes to explore Rotto, but the island is large. You can book an air-conditioned bus tour that will take you around the entire island to some of the best photo spots with captivating commentary.

You can catch the ferry from Barrack Street in the city in the morning, spend the day on the island and be back in Perth in time for dinner! Pre-book the ferry and bus tour in advance. It books out fast, especially in summer and during school holidays.

## Highlight!

 **BRIGHTON BEACH  
BATHING BOXES**

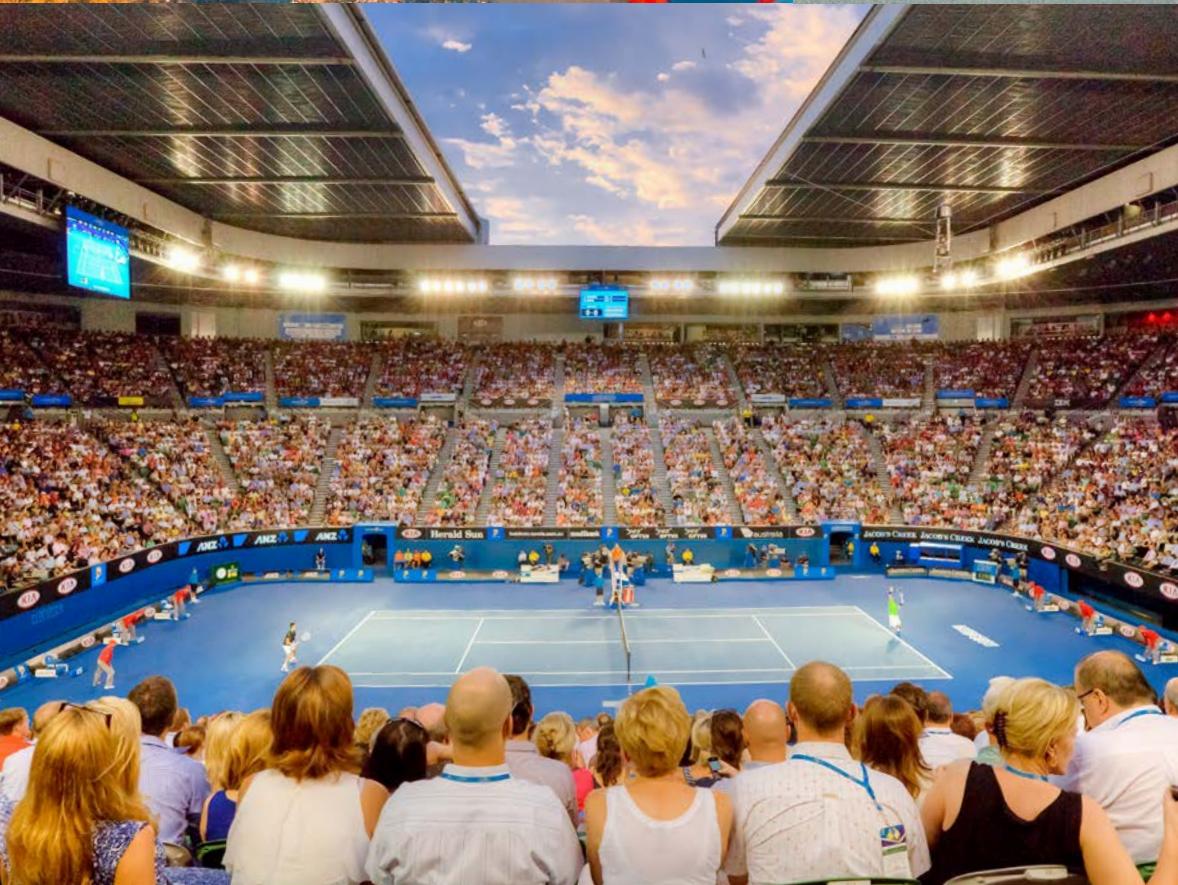

**Melbourne comes alive** in summer, welcoming its most famous event, The Australian Open, when the world's tennis greats touch down in the city. You need to book well in advance to get tickets to the men's and women's finals, but it is possible to pick up more affordable ground passes.

The summer months in Melbourne are December, January and February with temperatures ranging between 13 and 26 degrees Celsius, or sometimes spiking as high as 40 degrees.

On those Melbourne summer days, it's the perfect time to hit the water! A half hour away from Melbourne's CBD is beautiful Brighton Beach, famous for its 82 colourful bathing boxes that date back to the 1900s. Take a dip in the sparkling water to cool off, or simply stroll along the length of the beach while taking in the views.

## COLOURS OF MELBOURNE:

Fluors of the laneway art, apple green of tennis balls, the rainbow colours of Brighton Beach bathing boxes, steel grey of skyscrapers, espresso brown of damn good coffee.

→ **STAY:** Club Wyndham Melbourne

## Five ways to spend summer in Melbourne

- 1 Stay cool exploring art galleries and museums
- 2 Experience The Australian Open
- 3 Hit the beach!
- 4 Explore Melbourne's colourful laneway art
- 5 Melbourne Street Eatz – Food Trucks and Entertainment on the Yarra

IN  
TUSCANY

The Tuscan town of  
**San Gimignano**

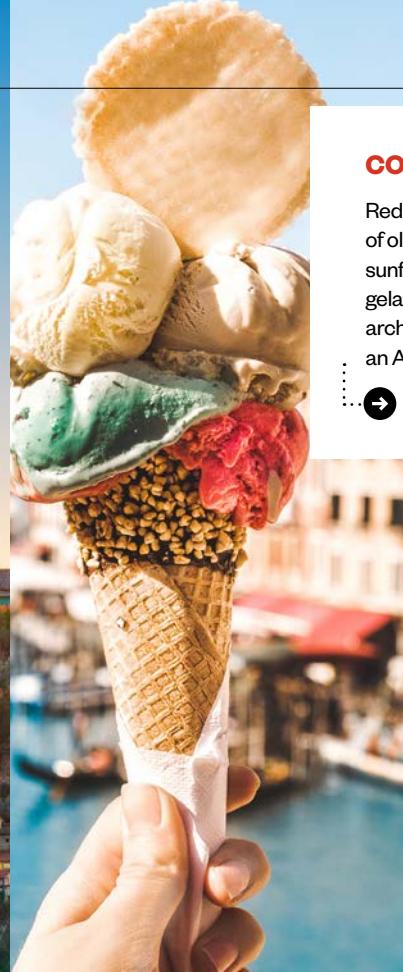

**Joyful yellows of sunflowers**, golden haybales polka dotting verdant green fields, the seashore filled with stripy beach umbrellas, bright displays of gelati and red chequered tablecloths. These are the colours of Tuscany, Italy! Summer in Tuscany brings warm nights and long daylight hours, meaning you have plenty of time to spend sightseeing.

No trip to Tuscany is complete without a visit to the Uffizi Gallery in Florence. It is one of the most acclaimed art galleries on Earth and houses an outstanding collection of sculptures and paintings that date from the middle ages to modern times. These include masterpieces by Giotto, Simone Martini, Filippo Lippi, Sandro Botticelli, Leonardo Da Vinci, Raffaello, Michelangelo and Caravaggio. It also boasts an incredible collection of ancient statues and busts from the Medici family. One of its most famous paintings is Botticelli's Birth of Venus, which depicts Venus born from the sea, standing on a clam shell, blown by the west wind, Zephyr, and the nymph, Chloris, who prepares to dress her with a flowered mantle.

## Five ways to spend summer in Tuscany, Italy

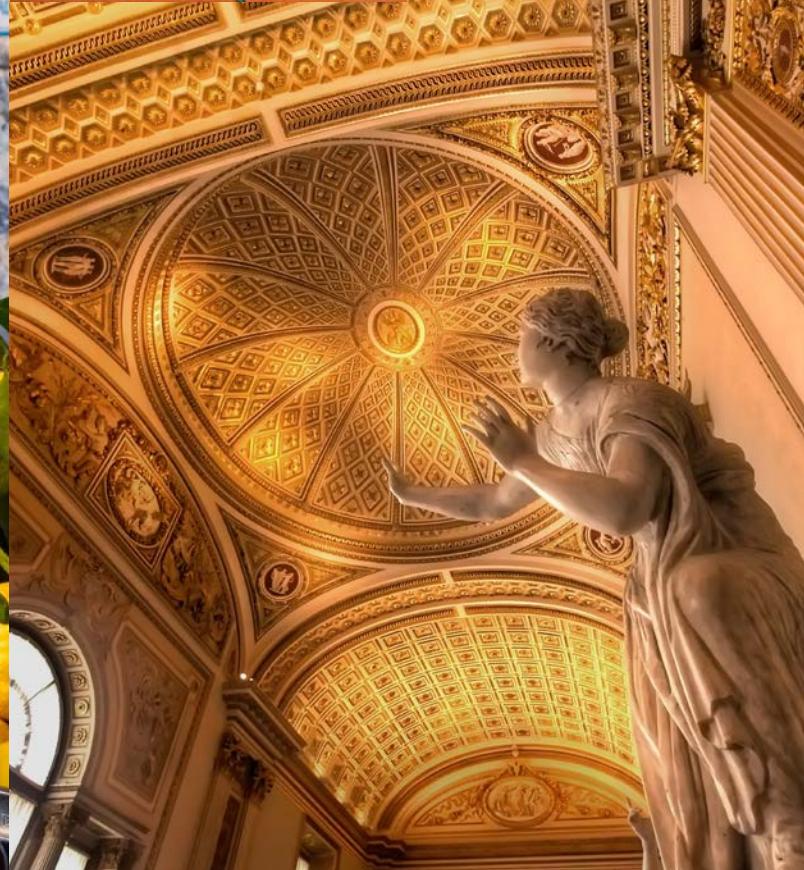

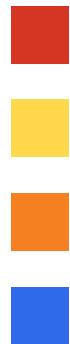

- 1 Visit the Uffizi Gallery
- 2 See the Leaning Tower of Pisa
- 3 Cool off with an authentic Italian gelato
- 4 Soak up the sunshine and swim in the sea at Bagno Maurizio
- 5 Wander through medieval towns like Siena and San Gimignano

### COLOURS OF ITALY:

Red vespas, azure of the sea, green of olive groves and vineyards, yellow sunflowers, Napolitano colours of gelati, sandstone hues of Florentine architecture, the blazing orange of an Aperol spritz.

# WANAKA

## Five ways to spend summer in Wanaka, New Zealand

- 1 Explore Wanaka Lavender Farm
- 2 Go wine tasting and visit craft breweries
- 3 Swim, kayak, paddleboard or go jetboating on the lake
- 4 Hike to Roys Peak and Blue Pools
- 5 Take a day trip to Queenstown

The summer view  
from **Roy's Track**

**Summer** is an incredible time to visit Wānaka. In the warmer months, this spectacular alpine region transforms from a world-famous snow destination to an adventure playground offering astonishing hiking, mountain biking and water sports. You can spend hours on the lake, kayaking, paddle boarding and boating, or just enjoy a swim at one of the many beach spots around the lake.

The summer season runs from the beginning of December to the end of February, with an average temperature of 24° Celsius. Long daylight hours mean the days usually don't end until well after 9pm, giving you plenty of time to explore.

A highlight is the lavender fields which bloom in the summer. Wanaka Lavender Farm is open from March to November but the best time to view the fields of lavender in bloom is from December to February. With over 7,000 plants across 12 hectares, it is a stunning sight to see. It is also home to friendly farm animals, making it the perfect place to stroll among the rows of flowers, unwind over a cup of herbal tea, sample local honey and indulge in a lavender ice cream!

## COLOURS OF WANAKA:

White of snow-capped mountains, khaki and earthy tones of rugged alpine ranges, different shades of blue and green as Lake Wanaka reflects the sky, lavender and honey.

# MARGARET RIVER

**Five ways to  
spend summer  
in the Margaret  
River Region**

- 1 Cape Leeuwin Lighthouse
- 2 Meet the rays at Hamelin Bay
- 3 Jewel, Lake or Mammoth Cave
- 4 Injidup Natural Spa
- 5 Wine tasting and brewery hopping

### COLOURS OF MARGARET RIVER:

Turquoise water, pink sunset skies, white lighthouses and sand; amber of a crisp craft beer, rolling green vineyards, burgundy, rosé and gold splashes of wine.

→ **STAY:** Club Wyndham Dunsborough

If you are a reader, you may be familiar with the bestseller written by M.L. Stedman, *The Light Between Oceans*. The story is an epic tale about love and isolation, set just after World War I in Western Australia. Cape Leeuwin was the inspiration for Stedman's book. As the tallest lighthouse on mainland Australia, it is a must-see when visiting the Margaret River region. It stands at the most south-westerly point of the country, at the tip of a spectacular peninsula, where the Southern and Indian Oceans meet.

Built in 1895, it is still a vital working lighthouse for vessels navigating the treacherous cape. The Interpretive Centre, housed within one of the original lightkeepers' cottages, is an impressive interactive experience that celebrates the history and lives of the many lighthouse keepers and their families, who have protected ships from the rugged coastline for over a century.

On your way down the coast from Club Wyndham Dunsborough, make time to stop at Hamelin Bay. This impossibly pretty beach with its turquoise water and sugar-white sand is famous for its friendly stingrays and eagle rays. You can stand in the water and pat them, or snorkel around the bay to see these remarkable creatures in their natural habitat.

Summer in the Margaret River region has little rainfall, and the average maximum temperature is just under 30 degrees Celsius.

# DINNER PLAIN

## Five ways to spend summer in Dinner Plain

- 1 Hike to the cattlemen's huts
- 2 Take a mountain bike ride or experience high altitude road cycling
- 3 Read bush poetry, paint or take photos of the landscape
- 4 Indulge in a day spa at Mt Hotham Wellness Co.
- 5 Enjoy a picnic with alpine views

Historical

### COLOURS OF DINNER PLAIN:

Iridescence of snow gum bark, golden hues of high-country meadows, greens of alpine heath, greys of river rocks, pink sunsets over mountains, brown of wombat fur.

STAY: Club Wyndham Dinner Plain

## Highlight!

**Have you ever marvelled** at the iridescence of a snow gum? The deep reds, yellows and greens revealed by peeling snowy white bark are truly a sight to behold. The twisted limbs seem to shimmer with colour. In summer, an abundance of white flowers bloom and with these majestic trees set among babbling brooks and sweeping scenery, it is little wonder the Australian Alps have been the subject of art, photography and poetry for centuries.

There is no place on earth like the Australian Alps and when you experience its unique beauty, you can expect to leave a little piece of your heart behind. When the snow melts to give way to summer, the Alpine National Park invites you to explore its scenic wonders.

At the heart of it all is the magnificent village of Dinner Plain, and your club resort with all the comforts to make your high-country experience truly special.

Dinner Plain's walking tracks lead to historic mountain huts, spring-fed waterfalls and sheer rockfaces. From epic treks to easy strolls, there is an experience for everyone. Be sure to speak to the team at reception to find out how to register your hike, pick up trail maps and gather tips for hiking safely in the high-country.

# NORMANDY

**Inspired by the beauty of the** region, artist Claude Monet called Normandy home. The famous water lilies of Monet's garden and the green painted shutters of his house have inspired travellers for close to a century. Visiting his garden, like many other parts of Normandy, feels like stepping into an impressionist masterpiece. In summer, the region's extra-long daylight hours give you plenty of opportunities to explore. While Mont-Saint Michel is an unmissable sight to see, be sure to also visit the pretty harbour town of Honfleur to marvel at its 15th and 16th-century buildings which encircle a pretty yacht filled harbour. The town is famous for serving up some of the best 'moule frites' in the country, a steaming hot bowl of fresh mussels cooked in white wine and served with French fries. Wash it down with a locally crafted cider and you will be living life like a true Norman.

Left from top: Claude Monet's home at Giverny, Etretat Aval cliff rocks, Moule Frites, Wine & Cider bar at Honfleur

## COLOURS OF NORMANDY

## All-time favourite destinations

### WHAT IS YOUR FAVOURITE PLACE TO TRAVEL – AND WHAT IS THE REASON?

We have a few:

- Bula! We love the tropical weather and friendly locals in Fiji. The local bus through the villages to Nadi is great.
- Port Douglas is incredible: tropical weather, large resort pool and lovely rain forests. The local markets are probably some of the best we've seen and Mossman Gorge is amazing.
- Airlie Beach. There are beautiful beaches everywhere and you have one of the wonders of the world to snorkel through or fly over – it's incredible!
- And Tasmania, of course. The hobby farm has gorgeous animals to feed and pat, and then there are the old historic towns to see – for example, Port Arthur.

Port Douglas

### WHAT WOULD YOU SAY IS THE CLUB DESTINATION YOU VISIT THE MOST?

Probably our most frequently visited place would be Port Douglas.

### THIS MAGAZINE HAS A SUMMER THEME. WHERE IS YOUR FAVOURITE PLACE TO SPEND SUMMER?

Our favourite place for summer is anywhere near a beach, so Club Wyndham Port Douglas, Club Wyndham Airlie Beach, Club Wyndham Kirra Beach and Club Wyndham Surfers Paradise are all candidates.

## Future destinations

### WHAT IS THE NEXT DESTINATION YOU ARE TRAVELLING TO AND WHY DID YOU CHOOSE IT?

We just recently did The Ghan train trip between Adelaide to Darwin through Travel Club by Wyndham, which was great to see the centre of Australia in comfort. That was cancelled twice previously because of COVID-19.

Next on the list is Club Wyndham Airlie Beach next month and a few days at the nearby Elysian Eco Retreat in the Whitsundays. We'll be doing nothing but swimming, snorkelling, reading and eating what they deliver us!

### WHAT ARE YOU STILL LOOKING FORWARD TO EXPERIENCING FOR THE FIRST TIME?

Believe it or not, we still haven't been to any of the club's New South Wales destinations, so we are looking forward to doing that in the future!

# Summer splendour in Canada and Alaska post COVID-19

By Cindy Holsken

TRAVEL CONSULTANT  
TRAVEL BY WYNDHAM

## THEY SAY THAT A PICTURE PAINTS A THOUSAND WORDS,

however, there are just not enough words to articulate the breathtaking beauty of Canada and Alaska. I had the absolute pleasure of travelling to this stunning corner of the world this past June and wow, what a great land to behold!

Descending into Vancouver, the snow hooded mountains are encased by a spectacular necklace of pure white snow. The majestic alps parade this land and provide an uplifting sense of elation, particularly after a 15-hour flight when the withers of jetlag begin to set in. I was fortunate to travel with nine great industry folk from all corners of Australia, accompanied by three representatives from APT & Holland America Cruiselines.

Once we had cleared a relatively easy customs process, we set off bound for Whistler, the home of the 2010 Winter Olympics. The drive along the Sea to Sky Highway was simply awe inspiring, meandering along the edge of "Howe Sound", an Ocean Fjord with snowy peaks and glistening turquoise waters. We passed through the adventure capital town of Squamish, famous for its outdoor activities and home to the Squamish indigenous folk of this region. I later learnt more about this impressive culture when we stopped by the Squamish Lil'wat Cultural Centre in Whistler, which houses many extraordinary creations and stories of a culture that continues to thrive.

There are so many pretty spots to stop off along this laneway to the east including waterfalls, picnic locations, museums and viewpoints.

We soon arrive in the cosy village of Whistler where we spend the next two days frolicking in this scenic playground.

From zip lining across the chequered pine plantations and icy rivers to the impressive tracks of a Jeep exploration in the heights above the village, where we encounter several bear families in their natural surrounds, this friendly winter village has a spiritual ambience that will warm the cockles of your heart in any season.

Before we know it, we are back in Vancouver preparing for our cruise to Alaska with Holland America Line. Our accommodation is just opposite the port at Canada Place and lucky for us they offer pre-cruise PCR testing.

With anxious bated breath, we are all cleared for boarding. This is really happening!

We are cruising on MS Koningsdam, which dazzles with nautical tradition at every turn. Built in 2016, she is a Pinnacle Class ship and comfortable from every corner for our journey to The Great Land of Alaska, also known as Alyeska.

Interestingly, I learn from onboard presentations that Russia sold Alaska to the USA back in 1867 for 39 cents per acre. What a bargain for such pristine land.

I also learn that there is one bear to every 23 people in these lands, and more than 130 volcanoes, of which 90 have been active in the past 10,000 years.

Our first port of call, Juneau, surprisingly is the second largest city by area in the USA. One interesting fact about it is that the town can only be accessed by sea or air. The closest highway is some 100km to the east by foot.

My excitement was on overdrive at this point, as for years I have been recommending musher dog camps and dog sledding to travelers, and now I was preparing to experience this for myself.

Dog mushing is the most popular sport in Alaska and the annual Iditarod race is the main event. This great race also comes with some history. The race came about when a large diphtheria epidemic threatened the northern village of Nome back in 1925. Antitoxin was desperately needed but could only be sourced some 1,000 miles away in Anchorage. Planes could not be used and ships were too slow, so they sent a pack of 100 dogs in relays north to Nome. They ran the longest distance of any team and reached Nome in five and a half days. The dogs saved the town and earned their mark in history. These beautiful Alaskan Huskies continue this tradition every year.

They have piercing blue eyes and attitudes to boot. Most trainers relocate their packs from the lower 48 during the summer months to continue their training regimes in these summer camps. These incredibly athletic dogs are genetically engineered with the aptitude to develop strength, endurance, intelligence and tolerance for extreme weather.

From top: Rear of our ship, **Glacier Bay**, eagles in flight, maple leaf, Totem Pole at **Ketchikan**

From top: Zip lining, Cindy meeting one of the **sled pups**, a local brown bear

They are even bred to develop more fur in the gaps of their paws to protect against the elements.

We witness the Huskies howl with excitement as we circle and swirl from left to right. These incredible creatures live for this sport and their trainers are just as committed. After our ride, we are greeted with a big surprise – cuddles with gorgeous puppies who are the future runners of this race. This was truly an incredible experience.

Our next stop, Skagway has us now situated on the fringe of the glaciers. The people are friendly. The old time saloons are overflowing with enthusiasm and the landscapes are vast. Waterfalls can be seen trickling from crevices in the mountains and the tundra is soggy from the recently melted snow. We travel through the scenic White Pass and Yukon railway, yet another remarkable spectacle that showcases the stunning scenery of these lands.

The next day has me up and out on the deck at 5.30am. The icy air stings my cheeks as we enter the famous Glacier Bay. Cheeky otters can be seen backstroking beside the ship. Birdlife is abundant and whale spouts can be seen on the watery horizons. These fjords and national park are simply jaw dropping.

From the striking colours of the ice leading to the water's edge and trickling into the glacier laden ocean, to the perfectly formed snow white peaks with the swirls of low lying clouds, to the immense scale of the ice cliffs as they rumble and carve into the sea – everything is so grand in this part of the world.

wave that almost sunk this now fully restored vessel. This experience was unique, interesting and very well presented. The King Crab with hot butter was also hard to beat for lunch!

I've spent many an hour these past 28 years crafting Canada and Alaska itineraries for eager Aussie travellers. I've researched these mighty lands to the core, but never did I envisage such raw alpine and glacial beauty. It is truly an area of the world that is so untouched. The people are friendly and the lands are in a pure existence of vibrancy. If this destination is on your bucket list, don't wait until tomorrow - this beautiful land is open and ready to capture your heart.

If this destination is on your bucket list, don't wait until tomorrow - this beautiful land is open and ready to capture your heart.

I'm sure I left a piece of mine there and I cannot wait to return one day soon.

The air is pure and crisp and life is in full bloom. This is a must-see, once in a lifetime experience!

Our final port stop is the popular cruise port of Ketchikan, with its many native totem poles, salmon spawning streams and great lumberjack shows. For me, a big highlight was to cruise on the Allure of the Seas, a retired king crab fishing trawler from the Discovery Channel TV show, Deadliest Catch. This experience gave me an unexpected opportunity to handle creatures from the Bering Sea and hear stories from the treacherous rogue

### Hello! Kia Ora!

**I'm Salen  
Rattan,  
the Resort  
Manager of  
Club Wyndham  
Rotorua.**

I met many of you in Fiji when I was working as Assistant Manager of Club Wyndham Denarau Island. I continued my journey to New Zealand, where I am living now, enjoying Rotorua's fascinating wonders.

There are so many exciting things to do at your Rotorua resort. Have fun kayaking around the **Ohau Channel** just outside your apartment, or cast a line from the resort's waterfront.

Resort facilities include a private boat ramp, outdoor pool, spa, tennis court, and gym. The onsite café also offers a variety of meals to choose from. You can also use our mountain bikes, e-bikes and board games for free.

Club Wyndham Rotorua is conveniently positioned approximately three hours from Auckland, and just 20 minutes from Rotorua City. You can fly to Rotorua from most Australian and New Zealand capital cities.

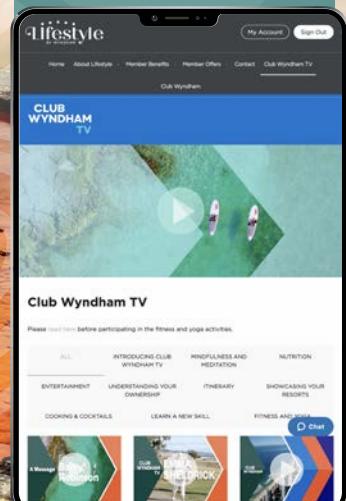

With diverse landscapes, colourful culture and unique wildlife, you can have a magical time in Rotorua. The region is a geothermal wonderland with mud pools, hot springs, geysers, steaming hillsides, and hidden thermal valleys.

There is so much to do and see in Rotorua. You can go mountain biking on some of the world's best trails, fishing and hiking, and visit local markets, galleries, and museums. I recommend spending a day at **Whakarewarewa, The Living Maori Village**, to have cultural experiences like the haka, poi dancing, and ta moko (traditional tattoo art).

**Our team will do our best to provide you with a comfortable and memorable stay. I am looking forward to welcoming you all soon!**

# What's New At Club Resorts

After a year of disruption in 2021, our property management team hit the ground running in 2022 to refurbish a host of Club Wyndham South Pacific properties.

## Club Wyndham Dunsborough

The refurbishment of Club Wyndham Dunsborough's 82 apartments is one of our biggest ever. The staged project is now well underway, with four out of eight blocks to be finished by the end of the year.

All bathrooms and powder rooms are being renewed, while a second bathroom will be created for each of

the resort's Grand and Deluxe apartments, giving both bedrooms in each apartment their own ensuite.

In standard apartments, kitchen benchtops are being replaced and cabinets refaced, while luxury vinyl flooring will be laid in the living areas and 100 per cent wool carpet in the bedroom areas.

▲ Club Wyndham Dunsborough - Studio Deluxe

## Club Wyndham Crown Towers

All 10 apartments at Club Wyndham Crown Towers underwent a refurbishment that concluded in June this year, featuring new furniture, bedding, soft furnishings, pendant lighting and a new colour and paint scheme. Old tiles and carpet were replaced with stylish vinyl flooring. Check out how they look now!

▲ Club Wyndham Melbourne - Deluxe apartment

The property development team is halfway through a project to renew all 85 club apartments in Club Wyndham Melbourne. A chic urban design will be expressed through new paint, furniture, bedding and window furnishings. The new carpet is custom-designed. In some

apartments, electrical work will be carried out – ceiling fans installed in bedrooms, while pendant lighting will be provided in Grand and Presidential apartments.

The second phase of the refurbishment is scheduled for April to July in 2023.

▲ Club Wyndham Kirra Beach - minigolf course

▲ Club Wyndham Kirra Beach - Golf Course & Pool Table

## Club Wyndham Kirra Beach

The resort is positively glowing, with a five-month operation to repaint the entire outside of the building close to conclusion. A full-time crew of six painters abseiled down the outside of the high-rise and used an estimated 2,500 litres of paint to

give the club favourite a facelift, with colours called Snowy Mountains, Natural Wool and Pewter Frame. The resort's mini-golf course was also refreshed with new greens. Thank you to all the owners who stayed for their patience and cooperation!

## Club Wyndham Golden Beach

Owners are soaking up the summer in newly refurbished rooms at Golden Beach! Along with new furniture, bedding, soft furnishings and artwork, apartments received a kitchen makeover; a four burner 600mm cooktop, 600mm oven, a new rangehood, single drawer dishwasher, along with new tile splashback and stone benchtops.

Bathroom work was carried out in order to give each apartment a walk-in shower. Some apartments retained their spa baths as they already featured a walk-in shower.

The first 22 apartments were renovated this year and the rest will be refurbished in 2023.

## Club Wyndham Sea Pearl Phuket

▲ Club Wyndham Sea Pearl Phuket 1-bedroom Grand

All 35 club rooms at Club Wyndham Sea Pearl underwent a refurbishment under the eye of a designer who had previously worked on projects at other international resorts within the country. This vibrant, Thai-inspired design was used as a basis for new bedding, furnishings, soft furnishings like curtains and some of the flooring. Bathroom works were also conducted in some apartments, where required.

## Club Wyndham Shoal Bay

The staged refurbishment at Club Wyndham Shoal Bay has concluded. All apartments were painted and redecorated in line with a new design, intended to capture the unique coastal vibe of Port Stephens. Most bedding, furnishings, soft furnishings and some flooring was replaced, along with some of the

room artwork. The finished look (above) is designed to maximise space and minimise clutter.

As is the case in most club refurbishments, quality pieces of old furniture were rehomed or donated to charity where possible, which is more sustainable than sending them to landfill.

# AIRLIE BEACH

## *Awesome and Artistic*

Story and photos by Graham Stephenson  
Club Wyndham South Pacific owners since  
March 2017

SEALINK Big Island Day Tour, 9am - 5pm

CLUB WYNDHAM | Issue 7 | 2022

**Without a doubt, Airlie Beach is one of the most picturesque, beautiful and lively places to holiday in the north of Queensland.**

Just a 40-kilometre drive from Proserpine Airport, the vibrant town is amassed with restaurants, cafés and beer gardens. Just walking along Airlie Esplanade and Main Street (which overlooks Airlie Bay) is an absolute showstopper and filled with indoor and outdoor gardens overlooking the beautiful seaside. Popular with travellers from all over the world, Airlie Beach is a launch pad to the spectacular 74 Whitsunday Islands, and Club Wyndham Airlie Beach is positioned in the ideal spot to experience the best of this tropical destination.

Whether you are looking for jam-packed adventure or sublime relaxation, there is something for

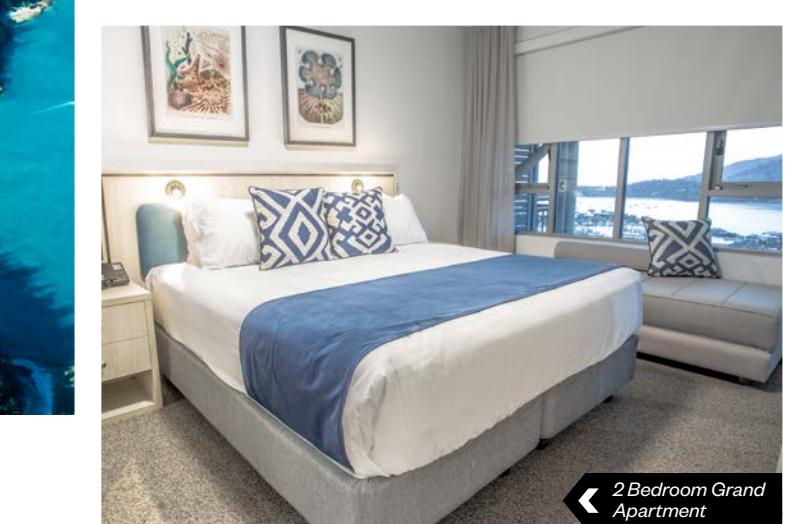

everyone. From sailing, scuba diving and snorkelling to fast jetboat rides, rainforest tours, and flying over the Great Barrier Reef, the Whitsundays has it all.

So, it is here that our beautiful eight-day holiday began, and the view from our balcony was just amazing. Our luxurious two-bedroom apartment was extraordinary with a large kitchen and dining area and all the facilities required, plus a magnificent balcony with views overlooking the harbour.

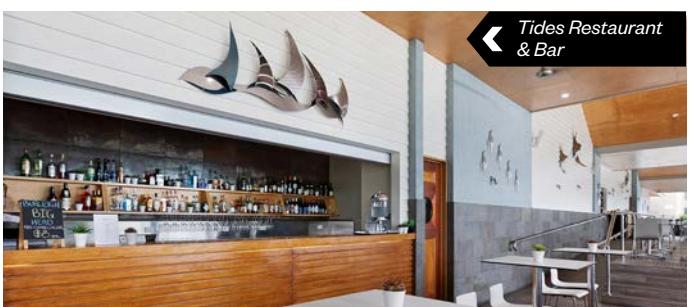

The onsite restaurant, **Tides Restaurant & Bar**, offers breakfast, lunch and dinner, and also a happy hour from 4 to 6pm. It overlooks the most enchanting ocean views and is a must-do location to enjoy the finest of food.

The resort has added features of free Wi-Fi, a courtesy shuttle bus, bicycle hire, a gym and an infinity pool. We wanted to move in forever! It is an exhilarating place to stay, which was further enhanced by a full-day cruise, which we could not resist doing twice!

# BEACH

2 Bedroom Grand Apartment

Tides Restaurant & Bar

We chose the **SEALINK Big Island Day Tour**, which departs from Shute Harbour (just a short drive away) at 9am and returns at 5pm. It includes morning tea, a gourmet lunch, afternoon tea and full bar service throughout the cruise. The views from the rooftop observation deck and all throughout the vessel are just perfect.

The Whitsundays is the largest collection of islands in Australia and the cruise covers Daydream Island, North Molle Island,

CID Island, Hook Island, Tongue Point at Hill Inlet (where we stopped to visit Hill Inlet) and then sailed onto the famous Whitehaven Beach.

Here we swam in the beautiful clear waters before sailing onto Haslewood Islands, Chance Bay, Hamilton Island and Dent Island before arriving back at Shute Harbour. Whitehaven Beach is the most popular beach and its sand is incredibly white because it is made from 98.9 percent silica.

Hamilton Island

Club Wyndham Airlie Beach Whitsundays

**There are many other vessels which visit this wonderful beach and also a seaplane which lands and takes off on the water close to the shore. Its passengers enjoy a very unique experience.**

It's very wise to put on a protective stinger suit before you swim, particularly during stinger season from October to May, due to the chance of being touched or stung by a tiny marine stinger. The cruise provides stinger suits for all passengers.

Another fascinating cruise we did was a sunset sail across the bay on the magnificent sailing boat Providence V. It sets sail between 5 and 7pm, and I actually helped pull up the sails as we departed. The views at sunset were beautiful.

The cruise includes a glass of bubbles and a cheese and dips platter. There is also a bar on board.

Back on land, I can also recommend driving the hills around Airlie Beach to see some of the beautiful homes, which have the most spectacular views of the ocean.

So, what more can I say about this glittering getaway and a true piece of paradise in north Queensland? Book a stay at Club Wyndham Airlie Beach Whitsundays for a holiday you will never forget.

**Club Wyndham South Pacific's inventory in Japan is structured in a different way. The club owns points within Sundance Resort Club, which enables owners to access Sundance's 16 resorts and apartments. The balance of the Sundance Resort Club points are owned by the club's own members and other timeshare clubs managed by Wyndham Destinations Asia Pacific.**

The arrangement enables Club Wyndham South Pacific owners to utilise a broader range of room types (subject to availability) for a lesser financial commitment to the club than if the inventory was purchased directly. Bookings at some resorts need to be made through Owner Services.

This inventory is displayed separately as Japanese apartments do not traditionally conform to one, two or three-bedroom formats, but are large rooms with multiple beds. Some apartments offer raised Western-style bedding, while others offer futon-style bedding that is customary in Japan.

# TOP TIPS FOR 2023 HOLIDAYS

Your Owner Information Team presents some useful tips to maximise your ownership!

**1. Book in advance.** Remember, the booking window opens 13 months before check-in. So, if you're planning to visit during peak times, we encourage you to book early to secure your preferred holiday. You do have the option within guidelines to cancel if your plans change so you have nothing to lose.

**2. If you miss out on your first choice, make sure you are added to a waitlist** – other people's plans can change too! Your Owner Services team will be happy to place you on the waitlist if your preferred resort, apartment or room size is not available. When someone cancels a matching stay, the availability will be offered to you before going back into general availability.

**3. Plan your holidays in the off-peak seasons.** This will help you stretch your credits (and your holidays) a bit further. You'll save on your vacation credits, which will give you access to a larger or higher classification of rooms or allow you to stay more nights.

**4. Attend an Owner Information session.**

- If you prefer to learn in a group environment, you can join the group virtual sessions on Zoom and learn from our club experts.
- If you like personalised one-on-one calls – which allow you to choose the topics and pick the time that best suits you – one of your friendly Owner Information specialists can give you a call to talk about your ownership.

Visit [ownerinformationcentre.com.au](http://ownerinformationcentre.com.au).

**5. Download the Lifestyle by Wyndham app from your smartphone today.** Upon check-in at a resort, your app will show deals available in that location – allowing you to save money on local attractions, transport and dining options. You can also use the app while at home for savings on your everyday expenses – put the savings in a holiday spending jar!

**6. Don't Forget,** you can also use your credits with RCI and Wyndham Rewards for a wide range of other accommodation options.
